South School

- Students engaged in our middle of the year Pow Wow with Mr. Robert Bentley. He is a Martial Arts Instructor from Quincy. He taught the students strategies to use for focus, respect, and safety. The main objective of his lessons are for students to learn to "never give up."
- We will be reviewing our middle of the year data points at our faculty meeting tomorrow.

Pikeland Community School

- **PBIS** – Cool Tools Re-Boot Camp was held Fri., Jan. 11. Staff members reminded students of our behavioral expectations for the classroom, cafeteria, restroom, hallway, recess, library, morning routine and pick-up procedures. Student council members also performed skits that reinforced these expectations. This is a great way to reset out behavior expectations.
- **DIBELS** – Teachers are meeting in collaborative teams using information from the DIBELS middle-of-the-year reading assessment to make adjustments to our reading intervention groups.
- **Grades** – The second quarter ended Dec 21, and grades were sent home Friday, Jan. 11.
- **MAP Testing** – Grades 3 – 5 are participating in middle-of-the-year MAP testing this week and next. Grades 6 - 8 will complete their testing on Friday. We look forward to viewing the data from this test. It will be used in our collaborative meetings to drive instruction, curriculum, and interventions.
- **PCS Students of the Month**
