400 Meter – 8<sup>th</sup> place

Long Jump – 12<sup>th</sup> place

Shiloh Lemons

Discus – 31<sup>st</sup> place

Levi Chaplin

400 Meter – 17<sup>th</sup> place

Pikeland Administrative Report  
June 20, 2018  
6-8 Grades

- Eighth grade promotion went very well. The students and the crowd were wonderful. I think it was done in record time of 31 minutes. The time varies each year due to the number of students.
- Chris Likes, a science consultant, presented information at the high school about the Next Generation Science Standards. He had a lot of good information and resources to help us better align our science curriculum with the NGSS. This is a marathon, not a sprint.
- Next year's scheduling and class assignments are in progress.
- Maintenance has been in the building working on some of our work orders. Things are going well. The custodians are making their way through the district and we are next on the list.

**P.C.S. Administrative Report**  
**Grades 3 - 5**  
**June 20, 2018**

- We are currently working on next year's class lists, handbook changes, curriculum, and scheduling.
- I would like to thank the board for allowing me to participate in The National Institute for School Leadership Training, which I completed on June 8. This valuable training has and will help me be a better leader for my staff. Ultimately, it will help me make a bigger impact for students.
- This year PCS has 26 students signed up for the summer-reading program. Students who meet their reading minutes for the summer will receive a book from the book fair in the fall. The next book mobile date is June 21, tomorrow!

## South Elementary School Board Report June 20, 2018

### Positive Points

- On the last early dismissal day for students, teachers evaluated all the school wide data points from Language Arts, Math and Social Emotional Learning. We found our students had made tremendous growth in many areas. We also found some areas that we would like to improve goals. We will use this information to create goals that align to our school vision for the 2018-2019 School Year.
- South Elementary School: A big thank you to the custodian and maintenance crews!
- I appreciate the time with collaborative team so far this summer. Our collaborations have been instrumental to my professional growth and positive for the district. Thank you for allowing us to engage in these opportunities together.

### Math Curriculum Update

- Vertical Alignment team members met on June 18th and worked on organizing the math facts system for the grade levels. We will have another collaboration to complete this task
- The math curriculum maps will be printed in July for K-8th grade and will be distributed to the teachers at the beginning of school. Yeah!

### Other News & Upcoming Events

- The Pikeland Summer Book fair and Pikeland Snack Pack delivery will happen tomorrow. It is always fun to go out in the community and see the kids.
- Planning for the 2018-2019 school is in full gear with creating class lists, schedules, parent information packets, registration information, and curriculum development.
